Chef Stefania is a world professional chef right inside her lovely heart! Stefania's book is a 5-star culinary delight of delicious recipes! She provides useful cooking tips and neat ways to use herbs. There are beautiful photos and FUN stories throughout her book! It makes me happy just to look through it! Thank you Stefania! I truly treasure your book. It's a "must have" cookbook for the experienced, for new brides and for anyone looking for fun in the kitchen!
