

Chef Stef's "Greek Cooking My Way" is Beautiful and easy to follow. Review by Dora Aretaki

The book is beautiful! Chef Stefania has not only written a cook book full of well written and easy to follow recipes, but she also managed to have us indulged into her life through her short stories. The book I ordered came in no time and has a beautiful layout and interesting photographs! I highly recommend it for everyone who wants to cook healthy and delicious Mediterranean food!
